Dear Commissioner Gendron,

The Regional Planning Committee for School Unions 104, 106, 107, CSD #12, and Vanceboro have met twice since the submission of our planning checklist in December. Although much discussion has taken place, no substantive decisions have been made that would alter and/or add to our plan as reported in December.

Consequently, although we feel that we have had worthwhile discussions, we are not prepared to submit an updated checklist, or plan, at this point. We still continue to work diligently toward the completion of our reorganization plan as quickly as possible.

Respectfully,

Steven J. Knowles  
Co-Chair, RPC
